

HOW CAN OUR NURSE CLINICS HELP YOU?

- Thinking of getting a new pet but not sure what's involved?
- Has your pet got smelly breath?
- Does your pet seem to be under or overweight?
- Are you unsure about the risks and benefits of neutering?
- Do you want to prevent or treat worms or fleas in your pet?

As part of our commitment to preventative health care we are pleased to offer FREE 15 minute Nurse Clinics, with support on:

- Getting a new pet / first time owners
- Junior care (<18 months)
- Weight management
- Senior care (>8 years)
- Behaviour management
- On-going illnesses and conditions
- General advice / support (e.g. parasites, neutering, dental)

Come and speak to one of our Registered Veterinary Nurses for pet care support, advice and information, on Friday afternoons.

To make an appointment please call 01434 608999
